OTTEWELL TERRACE AND LLOYDMINSTER GRAND OPENINGS

BIG NEWS

RPAP WELCOMES A NEW ASSOCIATE

Jan and Jonathan are excited to announce a new addition to our corporate team. Jan Kroman is a Registered Architect with both international and local experience having worked for acclaimed design firms in Holland, Japan, Toronto, and Calgary. He joined RPAP as an associate in September coming from Calgary where he worked for two prominent architectural firms. While working as an architect he also taught at the Faculty of Environmental Design at the University of Calgary and volunteered for numerous design related organizations. We look forward to introducing him to clients, consultants, and all the RPAP community. ●

It was a busy few weeks in September and October with the opening of two new RPAP designed buildings. On September 30th we celebrated with GEF Seniors Housing the grand opening of Ottewell Terrace and Primrose Place Family Centre, a 55 unit affordable seniors housing apartment building and 54 child daycare. A week later on October 8th we celebrated the grand opening of the 60 resident

Lloydminster Continuing Care Centre with Alberta Health Services and Prairie North Health Region. Both projects were well attended with residents and officials and we were privileged to be able to present a plaque to commemorate and mark both special occasions. We are very proud of these buildings and would like to congratulate once more all those involved! ●

FOLLOW US ON TWITTER, INSTAGRAM, LINKEDIN AND FACEBOOK

RPAP is making a concerted effort to improve our public profile and to have more of a presence on social media. While we have been on Facebook and LinkedIn for a number of years, we will be trying to get our message out

more regularly on Instagram and Twitter. You can find us at the following links and see the weekly goings on at RPAP. If you haven't already, you can friend us, tweet and comment on our projects and architectural musings. ●

UNDER CONSTRUCTION

- Concept design work is underway for a new tea house at Mount Edith Cavell in Jasper National Park.
- Roofing is done and siding is underway for the new Points West Living building in Red Deer. The building will be completed in the Spring of 2016.
- Working drawings are well underway for

- the new 106 resident Golden Age Meadow supportive living facility in the Baranow neighbourhood of Edmonton.
- Construction documents are nearing completion for the building envelope replacement at the hospital in Fort McMurray.
- The development permit is in place for the new 82 supportive living resident and 68 independent living resident Points West Living project in Wetaskiwin.
